Humus		

Our own fleet of vehicles allows maximum flexibility and reliability.

Our many years of experience in this area means minimal organisation is required.

Our seasoned personnel guaranty the highest efficiency with maximum safety.

Our GRAVEL WORKS provides maximum sustainability thanks to established recycling processes.

You can fully rely on us to work safely and efficiently.

Recycling is economically and ecologically effective. We sort out suitable materials to reintroduce them into the economic cycle as high quality building material or garden soil.

For more details and information, just give us a call at any time or send us an e-mail.
